PROFILE

Multimedia Journalist with experience in content creation, social media management, journalistic reporting and both digital and live production. Strong background and familiarity in the Adobe Suite with proficiency in Photoshop and Premiere Pro. Clear understanding of SEO tools that can be utilized on Content Management Systems to enhance reach and audience engagement. I hope to contribute to an ever-changing media environment using my skills gained and refined at the Cronkite School.

EXPERIENCE

Digital and Social Production – Cronkite News and Sports

Summer 2024-Present

Designed and produced content shared on social media, the Cronkite News website and daily live news broadcasts. Consistent use of Adobe programs, content system managements and production equipment. Devolved a new social media plan including new posting procedures and brand-aware content styles across all social platforms. Captured photos to accompany digital articles.
